## Where Is Your Treasure?

Matthew 6:19-24

*Jesus taught on many different topics. In His most famous message, The Sermon on the Mount, He came to the subject of money. That really shouldn't surprise us because money is a big part of life. Jesus challenged His listeners with the question, "Where is your treasure?" He helps us find the answer by giving four tests.*

### 1) The Durability Test.

#### a) Will it last ?

The first test is found in verses 19-20. Verse 19 is a negative command while verse 20 is the positive. The first word that leaps out at us in these verses is the word "treasures." Jesus did not say, "money" because while everyone may not have a lot of cash, we all have things that we treasure. Our treasure may be a home, a car, a computer, our clothes, or even a position that we hold or seek after. While Jesus is not saying that it is wrong to have treasures, He is telling us that our focus should be on laying up treasures in heaven, not on earth.

The first life-skill that Jesus wants us to develop is to stop living just for today. This command is in the present tense. It literally means to "stop storing up." We're to stop doing something that by nature we've been doing for most of our lives. Jesus knows that our natural, inborn desire is to accumulate things.

That doesn't mean that we can't have material possessions, or own property, or save for the future. The key lies in the little phrase "for yourselves." Jesus is forbidding the selfish, self-centered accumulating of goods as the major end of life. He illustrates two points.

### **i) Things decay .**

In ancient times, wealth was measured in part by clothing. Garments represented a considerable investment. The best clothes were made of wool. No matter how beautiful the clothing, moths would often attack and chew right through the garments. Coupled with the attack of the killer moths, rust would corrode and consume things of value.

### **ii) Possessions disappear .**

Valuables were often buried out in the field or hidden in a brick wall. Back then, thieves would literally break into the walls and dig up the yard as they searched for valuables. If you try to store your wealth, the moths will find it, or rust will consume it. If you try to hide it for yourself, thieves can steal it. Jesus is saying that earthly wealth is very insecure. It either decays over time, or it disappears altogether. Job 27:16, 20 provides a vivid description of this process.

### **b) Heavenly treasures are secure .**

Earthly treasures are fleeting and futile but heavenly treasures are secure (1 Peter 1:4). The issue is not whether we will store up wealth. That's a given. The only question is where we will do our banking. Since earthly treasures are unstable and insecure, Jesus challenges us to make long-term investments that are permanent and guaranteed. Deposits made in the First National Bank of Heaven will not decay or disappear. They are protected and insured by God Himself.

That leads to another question: How do we make deposits on earth that yield dividends in heaven? You store up treasures in heaven by investing your money in that which lasts for eternity. There are only two things that will last forever: 1) The Word of God, and, 2) People. Everything else will decay or disappear. Cars, boats, homes, clothes, jobs, salaries, vacations, books, and buildings will all pass away. They wear out, rust out, blow up, or fall apart. Nothing that is material lasts forever. That's the way God set it up (1 John 2:17). Martyred Missionary Jim Eliot said, "He is no fool who gives what he cannot keep to gain what he cannot lose."

Since only the Word of God and people last forever, we need to develop a long-term view. When we give of our financial resources to people in need, we are making a difference. The ultimate investment you can make is to give financially to help communicate the Word of God to people.

## **2) The Heart Test.**

### **a) Where are your investments ?**

The second test is found in verse 21. To put it plainly, Jesus is saying that your heart follows your money. That's not the way most of us think. We tend to think our money follows our heart -- if our heart is right, we will spend our money wisely. That's not the way it works because your heart always follows your treasure.

Whatever you invest your time and money in will become very important to you. Too many of us spend all that we have on the things of this world and then we wonder why we have trouble concentrating on the things of God. Our problem is that we've invested everything down here and hardly anything up there.

### **b) Your heart follows your money.**

Our money keeps our heart tied to the earth. You'll never be able to get your heart focused on heaven as long as your attention is on material things. Your heart will always follow your money. Your heart will be wrapped up in what you treasure. Possessions can very easily become the center of our life.

## **3) The Mind Test.**

### **a) Where is your focus ?**

The third test is found in verses 22-23.

### **b) The eye symbolizes the mind.**

Jesus is saying that there are only two possible ways to look at things. If our minds focus only on things down here, we'll be full of darkness. The natural eye focuses on our physical existence but the spiritual eye locks into what really matters. When money becomes our Number One obsession, it can put blinders on our eyes and ruin our spiritual life. If our thoughts are filled with how we can deposit treasures in heaven, our bodies will be full of light.

### **4) The Master Test.**

#### **a) "Whom will you serve ?"**

The fourth and final test focuses on our will and is found in verse 24. To "serve" means that we've made a choice and engaged our wills. If we're not careful, we can be deluded by thinking material things will last forever. Our emotions can then affect our minds, which in turn can cause our wills to be in the grip of money with a capital "M." The word Jesus uses here for money is the word, "Mammon," which is a proper noun, or a name. Jesus viewed Money as a rival for preeminence. Attachment to money leads to a detachment from God. The Bible is absolutely clear about the venomous nature of money. It fights for supremacy in our lives and it has many of the characteristics of deity. It promises security, freedom and power.

To be a committed Christ-follower is not merely a matter of the emotions but also of our minds and wills. To love God requires service and even sacrifice. This type of allegiance cannot be rendered to two parties. Whatever we devote ourselves to becomes our God. The tension that many of us experience when we try to love both God and money will sooner or later begin to show where our real loyalty lies. Only one master will win out.

Money is not just a neutral medium of exchange, but a "power" with a life of its own which seeks to control, and even consume us. The goal of this Money Master is total domination of your value system, without you even being aware of it.

If you're serving the Money Master, Jesus says you will be unable to fully serve God. He doesn't say, "you better not" or "it would be unwise to serve both," He says, "you cannot serve both God and money." As such, how we handle our money has a lot to do with how serious we are about obeying God. His words are unsettling. If you love money, you will end up hating God. If you are devoted to the pursuit of possessions and the making of money, you will find yourself despising the things of God.

I suspect that most of you do not want to hate God. In fact, you're here because you want to learn how you can get to know Him better. Let me put it right on the table. You will never be able to fully love God if you are in love with money and all that money can buy. Loving God and loving money are mutually exclusive.

#### **b) Money Talks .**

We've all heard the expression "**Money Talks.**" Have you ever listened to what it says? Mine usually says "Good Bye!" Someone described it this way: "You hold me in your hand and call me yours. Yet may I not as well call you mine? See how easily I rule you? To gain me, you would all but die. I am invaluable as rain, essential as water. Yet I do not hold the power of life -- I am futile without the stamp of your desire. I go nowhere unless you send me. My power is terrific. Handle me carefully and wisely, lest you become my servant, rather than I yours." Someone else said, "Money is a wonderful servant, but a lousy master."

### **Conclusion**

When Jesus was asked a question about a money matter, He told a story in Luke 12 that illustrates how easy it is to fail these four tests (Luke 12:15ff). Jesus warned

of greed in verse 15. Greed is something that we all struggle with. If we don't admit it and put up our guard, we will be consumed by it. The word means a "thirst for having more." The reason we have to watch out is because we can begin to think that our life consists of our possessions. If we have a lot, then we're doing well. If we don't have much, we feel like we're missing out on something - almost like we're not really living.

Jesus then tells a parable to show us what can happen if we take a short-term approach to life. The story of the foolish man reveals how we can fail all four tests. Notice how many times this man uses the words, "me", "myself" and "I." Twelve times in three verses. His greed is unchecked. His focus is on what he can see. He begins to feel good about himself and inflates his importance and expertise. It can be dangerous to be successful in life. You can begin to feel like you've got it made. The accumulation of things can deceive you into thinking that you're better off than you really are. Because of this man's windfall in his short-term investment, he decided to coast. He could retire and just take life easy. He had no concerns. His life consisted of eating, drinking and partying.

Do you see the deception? He was storing up treasures on earth with no long-term investment strategy for the next life. Notice verse 20. Because this man had an earthly perspective instead of a heavenly perspective, he focused his energy only on this life. God, however, has a different view of this man. Because he was laying up treasures for himself on earth, and had made no eternal investments, God calls him a fool. When he dies, all his possessions and his shiny new barns will disappear and be given to someone else. He failed the durability test, the heart test, the mind test, and the master test.

Jesus concludes this parable with an application for each of us in verse 21. Are you storing up things only for yourself? Are you just focused on this world? If so, you're in trouble. If I'm not rich toward God, God says that I'm a fool.

Friends, let me encourage you to take this four-part test on a regular basis.

**1. The Durability Test.** How long will my things last? Are they temporary or will they last forever in heaven?

**2. The Heart Test.** Where am I investing my time and money? What excites me the most, earth or heaven? Which place makes my heart beat faster?

**3. The Mind Test.** Where do I focus my goals? Am I committed to materialism or spirituality? Do I operate according to God's priorities, or my own?

**4. The Master Test.** Is Jesus my master or is something, or someone, else? Will I serve money on earth and allow it to be my god, or will I serve God in heaven with my treasures, which are really His in the first place?

***Take These Tests Regularly!***

## ***Cooperating Together***

Last Sunday was *Cooperative Program Sunday* for us as Southern Baptists. Their website shares this information.

### **What is the Cooperative Program?**

The Cooperative Program is Southern Baptists' unified plan of giving through which cooperating Southern Baptist churches give a percentage of their undesignated receipts in support of their respective state convention and the Southern Baptist Convention missions and ministries.

### **How Does It Work?**

It begins with you! You give yourself first to God (II Corinthians 8:5). Next, out of gratitude and obedience to God for what He has done for you, you commit to give back to Him,

through your church, a portion of what He provides. This is commonly called a tithe and represents ten percent of your income (Leviticus 27:30, Malachi 3:10).

Your Church... decides the next step. Every year your church prayerfully decides how much of its undesignated gifts will be committed to reaching people in your state and around the world through *The Cooperative Program*. This amount is then forwarded to your State Baptist Convention. Messengers at the State Convention Annual Meetings from your church and other churches across the state decide what percentage of Cooperative Program gifts contributed by local congregations stay in your state to support local missions and ministries. The percentage to be forwarded to the SBC for North American and international missions and ministries is also determined at this time.

Messengers at the Southern Baptist Convention Annual Meeting from across the country decide how the gifts received from the states will be distributed among SBC entities. These gifts are used by SBC entities to send and support missionaries, train pastors, and other ministry leaders; provide relief for retired ministers and widows; and address social, moral, and ethical concerns relating to our faith and families. The bottom line – people around the world hear the gospel and receive Christ!

### **Why Southern Baptists Embrace *The Cooperative Program***

It presents a unified and comprehensive budget, throwing a funding blanket over statewide, national and international missions and ministries. It provides a long-term sustainability for our entities. When a church makes their missions giving as a percentage of their church budgets, it provides consistency and stability. It adheres to our long term Baptist principle that "we can do more together than alone."

The Cooperative Program mitigates competition between entities thereby allowing a balanced Acts 1:8 Strategy. It levels the playing field, and makes a place at the table for small and ethnic churches. Every church can stand hand in hand, shoulder to shoulder, on level ground, as partners in the gospel (large churches, small churches, new churches, growing churches, graying churches, and ethnic churches).

God Bless You!

Bro. Allan
