Spiritual AIDS?

Acquired Immunodeficiency Syndrome – better known as AIDS, is a disease that causes “an inability in the body’s immune system to ward off infections.” It was first brought to National attention in 1978, and is now at epidemic proportions. In 1990 there was an estimated 8 million people with AIDS, today there are over 38 million people with this incurable disease. There have been more than 25 million who have died of the disease since 1981. There were over 2 million deaths in 2007 alone.

Now it seems there is a spiritual AIDS going on among God’s people, that is, an inability to fight off spiritual infections. Many believers have allowed their spiritual immune system to be so broken down that they are defenseless against sin, self, and satanic attacks. We have a great need to rebuild our broken lives.

The Jewish people had been taken into the Babylonian captivity and had been captive to Babylon for 70 years. Then in 530 BC the armies of Persia broke the Babylonian supremacy, and the king of Persia released the Jews and encouraged them to return to Jerusalem. Soon some 50,000 Israelites did return and began to reconstruct the demolished Temple.

But they soon became discouraged by opposition from the people who had settled there during the captivity. They abandoned their task with only the foundation having been built. A few years later, Haggai and Zechariah appeared on the scene. Each pointed out the people neglect and challenged them to finish the job. This they did 20 years after their return.

Sixty more years passed, and under Ezra’s leadership more Jews returned to Jerusalem. Although the Temple had been rebuilt, the walls of the city were in shambles and the gates burned. It was then God prepared Nehemiah and called him into service during the rebuilding of the walls of Jerusalem. Nehemiah heard that the walls of Jerusalem were broken down and its gates were burned with fire. In ancient times the walls around a city gave the city its

protection. It caused his countenance and spirit to become so broken that the king asked him about it. Out of his brokenness Nehemiah returned to do God's work.

The Spiritual AIDS of our day could be compared to a city without walls. Someone said, "A city without walls is used as an illustration of a person who does not control his passions well (Proverbs 25:28). A person who does not control his passions well is an easy prey to the invader. Anyone may irritate and torment him, for he yields himself to the first assault of his ungoverned passions, offering no resistance."

We need, through the brick and mortar of the Word of God, prayer, worship, and strong convictions to build spiritual and moral walls of great strength around our lives to keep our passions in check. But building such walls will, like the rebuilding of the walls in Jerusalem in Nehemiah's day, be much opposed; for the world seems bent on destroying all the walls that would keep passions in check. Like Nehemiah, take an honest evaluation of the situation. That's a problem for far too many of us.

God Bless You!

Bro. Allan
